

2007 AAU-NJ ASSOCIATION CHAMPIONSHIPS RELAY ROSTER FORM

Junior Olympic Rule 245 (3) – Relays

- (a) A relay team shall consist of four (4) members. Qualifications of a relay team entitle the club represented by that team in the same event at the next higher level of competition. (This shall apply to both the Youth Athletics and Regional Championships.) The composition of the team need not be the same throughout the rounds or various levels of competition. To become a relay team member, an athlete must have been declared as a potential member on the official relay roster submitted at the Association level. No alterations may be made after it has been submitted at this level.
- i. To enter a relay, a club must enter four primary members of the team in that event on its individual entry forms.
 - ii. Up to four additional primary members may be entered by entering them in the event on their individual entry forms.
 - iii. All competitors listed on the official roster are eligible to compete if they are entered in the meet in individual events or other relays
 - iv. The composition of the team will be determined by the primary entrants of the club. Changes to the composition of a relay may be made prior to the start of the event by submitting the appropriate change form to the Clerk of Course no later than one hour prior to the scheduled check-in time for the event. The Clerk will validate the number of events in which the athlete is competing. Only athletes listed on the official roster of the club, who are entered in the meet, are eligible to run. Where an athlete has only “roster” as an event on the competition number, no further validation is required.
 - v. An athlete may drop an event. This should be noted in the proper space on the change form. The Clerk shall make the appropriate change on the competition number.
 - vi. Violation of the above rules shall be reason for disqualification.
